**RE: Donate Products for Detroit Moms This Mother's Day**

Dear [Name],

Empowerment Path Foundation is preparing 100 blessing baskets for mothers in Detroit shelters this Mother's Day, and we would love [Company Name]'s support.

We are looking for in-kind donations of items that help moms feel cared for: lotions, candles, journals, bath products, gift cards, or other self care essentials. These baskets go to women at COTS, Sara's House, and Alternatives for Girls, many of whom are rebuilding their lives with very little.

## What we need:

Any quantity helps. Whether it's 10 items or 100, your donation will go directly into the hands of a mother who needs to know her community is thinking of her.

## What you get:

Your company will be recognized on our event materials, social media, and website. We will also provide photos from our assembly day on May 2 and distribution day on May 9 so you can see the impact of your generosity.

If you're interested, I can arrange pickup or drop off at your convenience. We are collecting items through April 25.

Would you be willing to contribute? I am happy to answer any questions or provide more details about our organization.

Thank you for considering this partnership.

Warmly,

**Tina**
